

# video to url

The screenshot shows a web interface titled "Editing: Video" with two tabs: "BASIC" (selected) and "ADVANCED".

- Component Display Name:** A text input field containing the word "Video". Below it, a small text note reads: "The name students see. This name appears in the course ribbon and as a header for the video."
- Default Video URL:** A text input field containing "http://youtube.com/". This field is highlighted with a red rectangular border. Below it, a small text note reads: "The URL for your video. This can be a YouTube URL or a link to an .mp4, .ogg, or .webm video file hosted elsewhere on the Internet." Below the input field is a button labeled "+ Add URLs for additional versions".
- Default Timed Transcript:** A section with a red "X" icon and the text "No Timed Transcript". Below it, a small text note reads: "EdX doesn't have a timed transcript for this video. Please upload an .srt file." Below this note is a red rectangular box containing the text "No sources".

At the bottom left of the interface are two buttons: "Save" and "Cancel".
